WE CARE TUCSON

WE CARE TUCSON

We Care Tucson is dedicated to fostering education, information, and wellness accessibility within the Tucson community. By refurbishing donated technology and medical equipment, we empower sustainability and equity for all.

Completely committed to Southern Arizona, WCT is a vital link in bridging the digital gap. Through our comprehensive process, we collect, restore, and recycle used technology, diverting it from local landfills.

Our restored electronics are made available to the public through our store, with special low-cost computer programs for economically challenged individuals, ensuring access for all.

In addition, our durable medical equipment loan chest offers vital support, and complemented by free medical supplies for those in need. At We Care Tucson, we're building a stronger, more inclusive community, one device at a time.

VETERANS RESCUE MISSION

Veteran Rescue Mission is a subsidiary of 501(c)3 Non-profit organization Home Community Services and is a Veteran led front searching for all homeless Vets in order to pair them with their earned benefits in an effort to minimize Veteran recidivism and suicide. Our primary objective is to distinguish the needs of Veterans with low incomes in Arizona and the greater United States, educate the public on the research gathered, and work with the public to address the need distinguished.

With the help of the Tucson community members we have been able to help over 500 hundred veterans get housed and connected with benefits. Through our regularly scheduled street outreach ministry, thrift stores, and our temporary housing services we have been able to do everything we can to help minimize veteran recidivism, homelessness, and suicide.
